

Image Comparison & Reconstruction Report

Report Generated: Thu 5 Mar 2026 03:42:16

Statistical Metrics

Metric	Value
Mean Squared Error (MSE)	0.002365
Peak Signal-to-Noise Ratio (PSNR)	26.26 dB
Correlation Distance	0.0213
Structural Similarity (SSIM)	Error: Re-run

Understanding the Metrics

MSE	Lower is better. Measures average squared intensity difference. Ideal = 0.
PSNR	Higher is better. Measures signal strength against noise. Ideal > 30 dB.
Correlation	Lower is better. Measures pattern divergence. Ideal = 0.
SSIM	Higher is better. Measures 'human-like' quality based on structure. Ideal = 1.0.
